Scrapps-McRae Press Ass'n.
Montreal, Que., Feb. 28.—The directors of the Dominion Iron Steel Works of Sidney, B. C., will meet Friday to discuss the fifty million offer from the Morgan company for the works.

Mrs. Carrie Hatchet Nation could not draw a larger crowd than our to "quit business" sale is drawing. It is one of the most genuine sales ever inaugurated in Guthrie. Everything at cost. THE RUSH.

The Rush management received a telegram today from Mrs. C. Carrie Hatchet Nation asking if her services were needed to smash prices for their to quit business sale. Mr. Behr answered that he did not want to make a hatchet hit with the people, that he thought by selling his large stock of fine dry goods, shoes, white goods, wash goods, lace and embroideries at cost would do the work.

ITS NOT OLIPHANT'S OIL BILL NOW.

Measure Was Mangled With Amendments—Another Gasp of Cave Dwellers.

Oliphant's oil inspection bill after a debate running through several hours was recommended for passage by the committee of the whole house but so mangled with changes and amendments as to be scarcely recognizable as compared with its original form. The bill deftly throws a harpoon into the office of oil inspector which is virtually abolished since the inspector is permitted to retain but 20 per cent of the inspection fees, the other 80 per cent to be divided among an army of county inspectors. The bill smells oily. It looks oily and doubtless is highly satisfactory to the oil trust.

The "cave dwellers," otherwise the opponents of the public building bill, made another tactical move yesterday evening which apparently demoralized the mound builders. Just before adjournment the two bills which authorize the construction of additional buildings for the university and the Agricultural and Mechanical college were placed on third reading and final passage under suspension of the rules, and passed. The two bills carry an aggregate appropriation of about \$150,000—rather a stiff hold up. It must be conceded, even to defeat the public building bill.

The following bills were read a third time and passed:

House Bill No. 178, by Hadley, providing for the organization of towns and villages.

House Bill No. 152, by Jones, amendatory of the act regulating the conveyances of real property and mortgages thereon.

House Bill No. 203, by Seely, authorizing courts to appoint attorneys for poor persons charged with a crime.

All alike—everything in the store at actual cost and less than actual cost, to quit business. THE RUSH.
